

SHORT REPORT ON TRAINING TWO THEOLOGIAN AT MADIHANI THEOLOGICAL COLLEGE FOR 'ELIMU HAINA MWISHO PROJECT' IN AUGSBURG, GERMANY. ACADEMIC YEAR 2021

Dear friends in Jesus Christ, We greet you with the Word from, John 13:34-35 "Lino ndikevapa elagilo wipya ndiita, 'Mugananage. Ndawu une ndivaganile unye, wvule vule najyenye mugananage.' Ingave muganana, pwu avaanu vooni jwvikolemanya ukuta unye muli vakongi vango." (Kikinga)

Many thanks for your financial support sent to ELCT-SCD to support two Students in Theology studies as we requested.

Your support has helped us in co-financing Theology studies in this academic year 2021. One Girl and one Boy were selected, who were not able to finance their studies by themselves, because they come from orphan and poor families. The selection committee trusts the students to successfully complete their studies in the year 2023.

Both students are doing well in their training since their start in January 2021, and they are now in the second Semester of their studies.

In the first and second semester both did the best in their exams. Please see the attached exams report.

In this report we have also attached the **financial part** as expenditures for the money we received from you. Thank you for your support.
